

Dear Nathan,

Thank you for choosing TruDental Tourism LTD.

We would like to inform you of how our top-quality materials, craftsmanship and bespoke experience may differ from other providers. Please kindly see the final page of your plan for your handpicked activities, such as a luxurious Traditional Turkish Hammam and 1-hour full body massage, dinner cruise on the magnificent Bosphorus with unlimited alcoholic or soft drinks and complimentary luxury transfers for you to enjoy.

Materials and Laboratory

When choosing your perfect provider, the materials and laboratory the clinic uses are sometimes overlooked. Premium materials and a top laboratory are essential for achieving the most natural and aesthetic look. At TruDental Tourism LTD your maximum satisfaction and natural look is our top priority. This is why we only work with the best laboratories in Istanbul and use only premium products, such as a Zirconium Premium system. This is based on a unique shading technology, meaning that its color is not on the surface but comes from within. This unique technology helps to preserve translucency after shading, without compromising strength. It enables the creation of highly aesthetic restorations.

Clinic

Our partner clinic is situated just a short walk away from our hotel. The clinic is bright and airy with state of the art treatment rooms and comfy waiting areas. We have a longstanding relationship and chose this clinic based on the clinics' fantastic reputation, excellent work and friendly, patient approach.

Hotel and Neighborhood

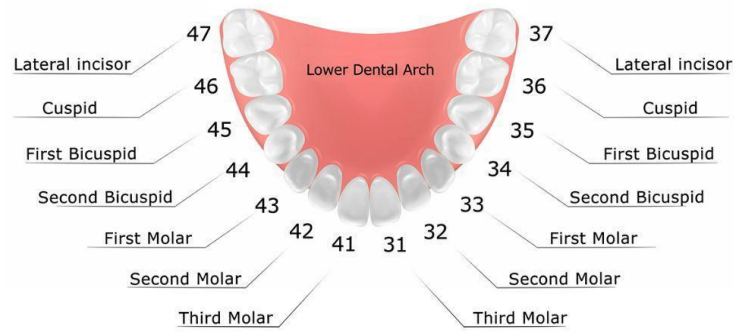

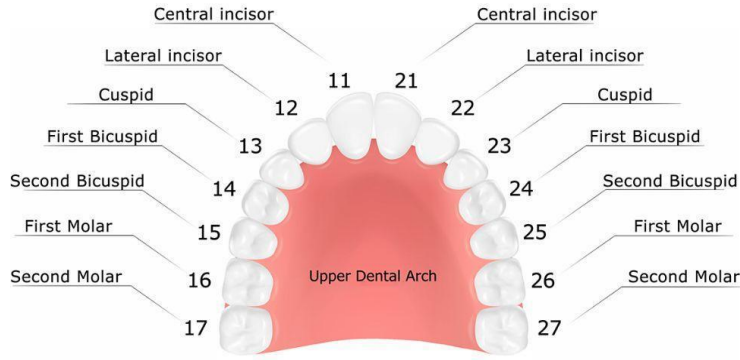

Our clinic is in the lively neighborhood of Sisli situated in the center of Istanbul within a stone's throw of the exclusive Nisantasi neighborhood, Macha Park and is near to all transport links. It is within easy reach of all places of interest and the top tourist attractions. The seaside is only a 15-minute bus or taxi ride away.

You can choose to check out the shops, listen to music or a live concert and sip cocktails in the one of the districts glorious parks, or bars hip cafes.

Our recommended hotel is a very convenient 1 minutes' walk from our clinic within easy reach of supermarkets, restaurants, pharmacies and public transport. The staff speak great English and are happy to accommodate guests who may need softer foods to enjoy in the restaurant / bar downstairs.
